shiraz

TASTING NOTES

The object with The Collection range is to offer excellent quality wines at a fair price. A lot of work was done to create packaging that is both eye catching and also allows the customer a peak at the intriguing flavour profile.

The style intended is a juicy, ripe Shiraz with an abundance of fruit and silky tannins. Deep purple-red colour, nose shows the typical characteristics of ripe Shiraz, i.e. cherry sweetness and black cassis. The palate is soft and juicy, with some sweetness on the palate, very soft grape tannins. It is advisable that the wine is chilled prior to drinking.

TECHNICAL INFORMATION

Cultivar	100% Shiraz
Wine analysis	RS 2.7g/l - pH 3.68 - TA 5.1g/l
ALC	14.0%
Appellation	Western Cape
