

the peach

chenin blanc | viognier

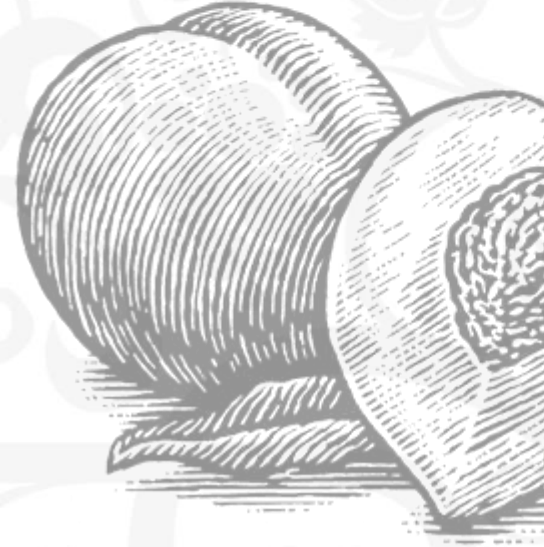

TASTING NOTES

The object with The Collection range is to offer excellent quality wines at a fair price. A lot of work was done to create packaging that is both eye catching and also allows the customer a peak at the intriguing flavour profile.

The Peach has a golden colour. Viognier adds lovely ripe peach flavours to the nose, while Chenin blanc gives the fullness and mouthfeel. A medium bodied, creamy wine that finishes with good length and a lingering aftertaste of honey and peaches on the palate.
